

Reflection (5% bonus points for submission)

Reflect on the topics covered this week and write short answers for the questions below. Submit as a pdf called Reflection.pdf.

1. What did we learn this week?
2. Rate your understanding of the topics this week. (1. Did not understand at all, ... 5. Fully understand the topic)
3. Are there any question related to this week's topics? We will address the questions either at the beginning of a lab or through a post.

We learned about branches, particularly if statements, else statements, and also covered things like recursion, in which a function calls itself to come up with a solution.

5.
